## M450 Mobile fence + C-brackets 3xV

### Specifications

Article No.	C2104000
Dimensions	11.5'W x 6.6'H
Mesh width	13.8" x 1.6"
Wire Thickness	9 x 10 Gauge
Tube Diameter	1 1/6 x 1 2/3 in
Extra mid-rail	1 1/6 in
Weight	42 lb
Material fence	Steel
Finishing	Pre galvanized
Connection	Coupler
Optional	Steel custom sign (visible on both sides of the panel)

**Fine-meshed**  
**Extra Vertical Tube**  
**Light(er) weight**  
**Smooth top (no spikes)**

### Ease of use with maximum strength

This solution provides both ease of use and security due to the narrow mesh. The fence protects your location and combines quality and functionality at a fair price.

The M450 mobile fence is a light weighted safety fence without spikes for event and building site protection. The tubes are welded on all sides and all corners have the reinforced corner brackets, giving the fence a stronger frame and longer service life. The vertical extra tube provides the frame with extra rigidity and reduces torsion in the temporary fencing.

**You can personalize this fence by adding a steel custom sign, visible on both sides of the fence.**

#### 42/42 Security coupler

Dimensions 0.4' x 0.2'  
Weight 1 lb

#### Plastic Stand

Dimensions 2.5' x 0.5' x 0.85'  
Weight 48 lb  
Material Recycled plastic
